

ROCKY RIDGE YURT WINTER GUIDE

The Rocky Ridge yurt is accessed from the Whoop-Um-Up Park N' Ski parking lot. The trails are not groomed to this yurt. This yurt is a favorite of dog lovers and snowshoers. The yurt is located at the end of a rocky finger ridge, providing a spectacular, 180-degree view to the east, south, and west. This is the "dog friendly yurt", where dogs are allowed in the winter. The rolling terrain around the yurt provides a playground for snowshoers. Snow is usually available early December to mid-April.

PLEASE READ THE WINTER YURT MANUAL FOR MORE DETAILS

The yurt door lock has been removed during the winter season. You will find the door closed but not locked and no key code is necessary

Difficulty:

Beginner to intermediate. The difficulty of the ungroomed trails increases in poor snow conditions and weather. Snowshoeing is the recommended way to access this yurt. If you ski in, climbing skins are recommended for those with heavy packs. Individuals should thoroughly prepare for the yurt trip and travel with someone who has been to the yurt and can readily find it.

How to Get to the Yurt:

You will find the trailhead on the south side of the Whoop-Um-Up parking lot. Opposite side of the parking lot to the toilet. You will be following 5" blue shaped diamonds (blazes) on the trees and 4x4 posts. The recommended approach to the yurt is to take the Pilgrim Loop, counterclockwise to the Lower Lamar trail. Follow the sign that says "to Lower Lamar". At the intersection where the Lower Lamar trail starts its loop, stay to your left. Continue following the 5" blue shaped diamonds (blazes) on the trees and 4x4 posts. You will then come to an intersection with a 2 ft yellow shaped diamond (blaze) on a 4x4 post. Stay to the left and follow the 5" yellow blazes for one mile, you will go past a gate on the trail. Continue on that trail about 300 yards and you will see the yurt off to your right located on a ridge past the outhouse.

Where to Park:

The Whoop-Um-Up Park N' Ski parking lot is 18 miles north of Idaho City on Highway 21, just past mile marker 56. An Idaho Park N' Ski permit is required to park here Nov 15th to Apr 30th. Please park your vehicles close together, parallel to the north side of the lot and at the edge of the toilet access. The Department of Transportation snowplow operators become frustrated when they cannot completely plow the parking lot. You should also bring a shovel because you might have to dig your car out or in, in case of heavy snow. Do not park on Highway 21. You should also **bring a shovel** because you might have to dig your car out or in. You can be fined for parking on the highway or not displaying a Park N' Ski Pass. **Remember this is a shared-use lot with snowmobilers.**

Elevation Change and Distance:

About 150 feet climbing over 1.75 miles (one-way), there is one moderately steep section. The yurt is actually lower in elevation than the Whoop-Um-Up parking lot.

Dogs:

Dogs are allowed at this yurt year around.

Solar Power:

This yurt has a solar panel with four LED lights. Should it be necessary, a brush is provided to remove snow from the panel. Please do not change the panel location. Use the lights when needed, turn them off when not in use and at the end of your stay.

Wood Pile:

Wood for the stove is located in a separate wood shed.

Water:

There is no water supply at this yurt. Use the large pot provided to melt snow on the wood stove. We recommend boiling the water before drinking.

Special Equipment Needed:

Several members of the party should carry portable snow shovels. Bring two (2) one-pound propane bottles per each night of your stay; a roll of paper towels, and keep a snow shovel in each vehicle. For a list of recommended items for a yurt trip, please read the winter yurt manual.
