

ATTENTION NEW PADDLECRAFT OWNERS

THREE TIPS TO KEEP YOU SAFE ON THE RIVER

WEAR YOUR LIFE JACKET

1 Many fatalities involving paddlecraft result from falling overboard and drowning. Always remember to wear a U.S. Coast Guard approved life jacket.

KNOW THE RIVER HAZARDS

2 Rocks and trees can be dangerous in moving water. Don't get caught in a strainer or a foot entrapment. Be aware of cold water - it can kill!

DON'T EXCEED YOUR ABILITIES

3 Don't head for big water until you have plenty of experience. Respect your limits and be aware that some paddlecraft may not be suitable for rivers.
