DESCRIPTIVE SUMMARY: The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principal issues involved:

The Department is considering changes that remove outdated references, clarify unclear language, update fees to align with economic climate, and remove administrative burdens. The Department is adding language to enforce violations that were previously removed. It is anticipated that rulemaking stakeholders will propose and advocate for rulemaking changes as part of the negotiated rulemaking process. The Department intends to carefully consider all changes presented by the public and may propose certain changes so long as they are consistent with the rules' statutory authority and the Governor's Executive Order.
