Opportunity to install, operate, and maintain a year-round sauna and cold plunge experience at Eagle Island State Park

The Idaho Department of Parks and Recreation (IDPR) is thrilled to invite members of our community to apply as a concessionaire for Eagle Island State Park to operate a mobile sauna and cold plunge experience.

IDPR is searching for motivated entities or individuals who are interested in entering a business relationship for the development, management, and maintenance of a sauna and cold plunge concessionaire. This entails sauna installation, installation of utility connections and meters, handling all reservations and utilities, securing required insurance, maintaining continual proper sanitation per health codes, and establishing safety protocols.

This contract is executed as a two-year term.

Because we are a state agency, you must follow all necessary legal guidelines, licensing requirements, insurance requirements, and state regulations as part of this agreement. All information is further detailed in the RFP application.

We encourage anyone with no less than two years in overseeing or directing, at the general manager or owner level, a business which provides products or services to the public to apply. This is an excellent opportunity for those who want to provide state park's visitors with a unique recreation activity in Eagle, Idaho.

For more information or to learn how to apply, please visit <https://parksandrecreation.idaho.gov/state-park/eagle-island-state-park/>
