To: Board Members

From: Kathy Muir, IDPR Grant Manager

Subject: Fiscal Year 2022 Grant Project Rankings

The advisory committees for the Recreational Vehicle Fund, Waterways Improvement Fund, Off-Road Motor Vehicle Fund, Recreation Trails Program Fund, and Land and Water Conservation Fund recently met remotely to discuss and rank grant applications. In addition, staff met to review and rank Road and Bridge grants. In the review process committee members utilized Board approved criteria, their knowledge of the areas involved, and input from IDPR staff to come to the conclusions reflected in the ranking sheet scores.

The attached criteria rating sheets show the questions used to score projects. Please note the LWCF rating values differ from the other grant program scoring.

Included in this packet are the agenda item summaries, advisory committee information, and program spreadsheets with the recommended funding lines. Please review the spreadsheets that show the projects in ranking order. If you have any questions regarding any specific projects or the process for scoring applications, do not hesitate to contact me any time.

IDAHO'S OPEN PROJECT SELECTION PROCESS

The National Park Service requires a public review process for establishing criteria for LWCF grants. That process is called the Open Project Selection Process (OPSP). It is meant to assure that priorities identified in Statewide Comprehensive Outdoor Recreation Plans (SCORP) are included in the LWCF grant process. OPSP also recognizes local priorities. Priorities change over time, so it is important that states go through the OPSP process on a regular basis in conjunction with SCORP so that outdoor recreation grant criteria are in alignment with actual needs.

Review of proposed changes by the LWCF Advisory Committee, SCORP Steering Committee and State and Federal Aid Program staff is a part of that process.

Matching Ranking Criteria with Public Need

The draft criteria for ranking Idaho's LWCF projects were created using a combination of public input and the expertise of a cross-section of outdoor recreation professionals. Our public input started with an opinion leader SWOT analysis to identify outdoor recreation issues and opportunities in Idaho. A facilitator conducted a focus group in six cities across Idaho with recreation professionals to identify the Strengths, Weaknesses, Opportunities and Threats of outdoor recreation in Idaho.

IDPR then conducted a follow up survey with recreation providers to further understand the issues identified during the focus group sessions. In addition to these exercises, staff also conducted an informal survey of Idaho outdoor recreation participants. This online survey yielded more than 1900 responses, and helped inform the development of this plan.

Administering the Program Fairly

In order to better serve the public and assure that grant money is administered more efficiently, State and Federal Aid Program staff at the Idaho Department of Parks and Recreation recommended two changes in the Open Project Selection Process. The changes are:

- 1). Entities with unresolved Land and Water Conservation Fund conversion issues will not be considered for grants until those issues are resolved, unless the National Park Service negotiates a special condition on the original project agreement.
- 2). Projects will only be considered if they are primarily for use by the general public. Property must be readily accessible and open to the public during reasonable hours and times of the year.

LWCF EVALUATION COMMITTEE PROJECT EVALUATION FORM

Project Name: _____ Date: _____

Evaluator's Name: _____

Please evaluate the project on the basis of the following criteria:

- 7-8 = Excellent or Extensive
- 5-6 = Good or Considerable
- 3-4 = Fair or Moderate
- 1-2 = Poor or Little
- 0 = None or Missing

A. Degree to which the project aligns with the Statewide Comprehensive Outdoor Recreation Plan, particularly Chapters 3 and 4.	
B. Degree to which the project benefits the general public and the facility is open and usable for outdoor recreation during reasonable hours.	
C. Degree to which the costs are reasonable, accurate and relate to an acceptable cost-to-benefit ratio.	
D. Degree to which the property and/or design is well planned and suited for the intended uses.	
E. Degree to which the facility will encourage universal accessibility beyond minimum requirements.	
F. Degree to which the applicant has demonstrated a financial commitment for the ongoing operation and maintenance of the site. (Is there a maintenance budget and/or impact statement for 3-5 years of commitment?)	
G. Degree to which the applicant understands environmental issues and will take action to mitigate any concerns for potential resource damage or health and safety matters.	
H. Degree to which the project creates new or improved recreational opportunities supported by the community.	
I. Degree to which project is reflected as a user need in a current agency plan (this could include a city master plan, local parks and recreation master plan, or county comprehensive plan.)	
J. Degree to which the project brings outdoor recreation activities closer to users and/or underserved demographics.	
K. Degree to which the applicant demonstrates public outreach to sufficiently identify community needs. (Excellent or extensive scores should be reserved for projects that include either statistically valid surveys or public meetings specific to the project.)	
TOTAL	

Do you feel that this project meets the criteria and general quality necessary to merit approval by the Idaho Park and Recreation Board? ___Yes ___No

COMMENTS AND RECOMMENDATIONS:

**IDAHO DEPARTMENT OF PARKS AND RECREATION
Grant Application Evaluation Criteria**

Project Name: _____ Applicant: _____

Rater: _____

Credibility

1. Degree to which project reflects the purpose of the program or fund and benefits a full range of users contributing to the specific program fund. _____
0-10 pts.

Assessment of Need

2. Degree of urgency due to potential resource damage, or health and safety concerns that may cause an opportunity to be lost if no action is taken. _____
0-10 pts.
3. Degree to which the project creates new recreational opportunities not currently available in the area. _____
0-10 pts.
4. Degree to which project is reflected as a user need in current comprehensive outdoor recreation plans or surveys. _____
0-10 pts.

Scope of Work

5. Degree of quality in project planning, design, organization, and coordination with IDPR staff and respective advisory committees. _____
0-10 pts.
6. Degree of overall quality and importance of the project as demonstrated to the Advisory Committee. _____
0-10 pts.

Commitment

7. Degree to which applicant has committed to the ongoing maintenance of the facility or continuation of the service. _____
0-10 pts.
8. Degree of matching funds from applicant and other applicant sources or investment in the project as demonstrated by the applicant. _____
0-10 pts.
9. Degree of statewide user group support for the project. _____
0-10 pts.

Feasibility

10. Degree to which project costs are reasonable and accurate and relate to project benefits. _____
0-10 pts.

AGENDA
Idaho Park and Recreation Board Meeting
May 19 & 20, 2021
Hilton Garden Inn
700 Lindsay Blvd.
Idaho Falls, ID 83402

AGENDA ITEM: **FY2022 Recreational Vehicle (RV) Grants**

ACTION REQUIRED: **Board Action Required**

PRESENTER: **Kathy Muir, Grant Manager**

PRESENTATION

BACKGROUND INFORMATION:

The State and Federal Grant Program has approximately \$4.7 million available in the Recreational Vehicle Program for the FY 2022 grants.

At their recent Webex meeting on March 15, the RV committee discussed the 23 grant applications and rated them according to department criteria. The requests totaled \$5.9 million.

The priority-ranking sheet and committee recommendation are included in this packet. The committee also recommends a minimum funding score of 68 points.

STAFF RECOMMENDATIONS:

Staff recommends that the Board approve the priority-ranking list, which will be used to fund projects in the ranked order.

OFF-ROAD MOTOR VEHICLE (ORMV) ADVISORY COMMITTEE

Description: This 9-member committee is comprised of three (3) members from Districts 1 and 2, three (3) members from Districts 3 and 4, and three (3) members from Districts 5 and 6.

- One (1) member from each area represents Snowmobilers,
- One (1) member from each area represents either ATV or Motorbike interests,
- One (1) member from each area represents users not otherwise represented.

Term Length: Three (3) year term.

Appointed By: Park Board

Idaho Park and Recreation Board Meeting
May 19 & 20, 2021
Hilton Garden Inn
700 Lindsay Blvd.
Idaho Falls, ID 83402

AGENDA ITEM: **FY2022 Recreational Trails Program (RTP) Grants**

ACTION REQUIRED: **Board Action Required**

PRESENTER: **Kathy Muir, Grant Manager**

PRESENTATION

BACKGROUND INFORMATION:

The Federal Fiscal Year 2021 allocation plus re-obligated funds from the Federal Highway Administration (FHWA) is estimated at approximately \$1,700,000.

At their recent Webex meeting on March 17, the Recreational Trails Program Advisory Committee discussed the 33 grant applications and rated them according to department criteria. The project requests totaled \$1,923,107.

The priority-ranking sheet and committee recommendation are included in this packet.

STAFF RECOMMENDATIONS:

Staff recommends that the Board approve the priority-ranking list, which will be used to fund projects in the ranked order.

AGENDA ITEM: **FY2022 Mountain Bike Plate Fund Grants**

ACTION REQUIRED: **Board Action Required**

PRESENTER: **Kathy Muir, Grant Manager**

PRESENTATION

BACKGROUND INFORMATION:

The State and Federal Grant Program has approximately \$44,000 available in the Mountain Bike Plate Fund for the FY 2022 grants.

At their recent Webex meeting on March 17, the Recreational Trails Program Advisory Committee discussed the 4 grant applications and rated them according to department criteria. The requests totaled \$59,420.

The priority-ranking sheet and committee recommendation are included in this packet.

STAFF RECOMMENDATIONS:

Staff recommends that the Board approve the priority-ranking list, which will be used to fund projects in the ranked order.

AGENDA ITEM: **FY2022 Land & Water Conservation Fund**

ACTION REQUIRED: **Board Action Required**

PRESENTER: **Kathy Muir, Grant Manager**

PRESENTATION

BACKGROUND INFORMATION:

The Federal Fiscal Year 2021 allocation from the National Park Service (NPS) is approximately \$3,000,000.

According to IDAPA, to assure that the needs of rural areas are met, twenty percent (20%) of the amount dedicated for local governmental agencies is dedicated for use by governmental agencies of five thousand (5,000) population or less. If the cumulative request of the governmental agencies of five thousand (5,000) population or less is more than twenty percent (20%) of the amount dedicated for local governmental agencies, governmental agencies of five thousand (5,000) population or less may compete for the total remaining allocation.

If the total cost for a single project of a governmental agency with a population of five thousand (5,000) or less requires over one-half (1/2) of the twenty percent (20%) dedicated for use by governmental agencies of five thousand (5,000) population or less, that project shall compete with the large governmental agency projects.

At their recent Webex meetings, the LWCF Advisory Committee reviewed 6 grant applications according to the "Open Project Selection Process" identified in the State Comprehensive Outdoor Recreation Plan (SCORP). The requests totaled \$2,428,920.

The priority ranking sheet and committee recommendation are included in this packet.

STAFF RECOMMENDATIONS:

Staff recommends that the Board approve the priority-ranking list, which will be used to fund projects in the ranked order as spending authority is available.

LAND AND WATER CONSERVATION FUND (LWCF) EVALUATION COMMITTEE

Description: The Evaluation Committee includes representatives with experience in community development or public outdoor recreation. The Committee shall rank projects based on its review of the application and a presentation by the sponsor. It shall rate all projects based on the selected criteria found in the Open Project Selection Process (OPSP). The Evaluation Committee includes nine (9) members:

- Three (3) members shall be representatives of state and federal agencies with a technical relationship to community development or the outdoor recreation needs in the state.
- One (1) member shall represent a community of five thousand (5,000) population or more.
- One (1) member shall represent a community of five thousand (5,000) population or less.
- One (1) member shall represent the interests of the ethnic minorities.
- One (1) member shall represent the interests of the elderly.
- One (1) member shall represent the interests of people with disabilities.
- One (1) member shall be from the Board.

Quorum: A quorum is required to conduct committee business. Five (5) people constitute a quorum.

Term Length: Three (3) funding sessions.

Appointed By: State Liaison Officer
