<u>For Fulfilment Vendors</u>: vendors that have stickers on hand, you will get a box showing your inventory. The next available stickers for the number of permits chosen will automatically be marked. (If a sticker number is greyed out and the check box is unavailable, that means that the sticker is showing as something as used in the system.) If these are not the stickers you have in hand, you will need to unmark the check boxes and mark the check boxes for the sticker numbers you do have in hand. If you do not see the sticker numbers that you have in hand, type the lowest sticker number in hand in the Start Inventory # box and click <u>S</u>EARCH. When the sticker numbers you have in hand come up in the list mark the corresponding boxes and click <u>O</u>K.

<u>For Non-Fulfillment Vendors</u>: Those that do not have stickers in hand, you will not see the Permit Inventory box and you will not choose sticker numbers. You will see the Permit Sale: Add Item Details page where you enter the Type and the Use Area from the drop-down menus for each sticker (see next page).

	M23-000030							

<u>S</u>EARCH

3 of 3 Inventory Numbers selected: M23-000030, M23-000031, M23-000032

M23-000026	M23-000027	M23-000028	M23-000029	M23-000030
M23-000031	M23-000032	M23-000033	M23-000034	M23-000035
M23-000036	M23-000037	M23-000038	M23-000039	M23-000040

You will then choose the Type of OHV (or Snowmobile depending on permit type purchasing) and the Use Area from the drop-down menus for each sticker. In this example I choose 3 stickers so I will get that screen 3 times – once for each sticker/permit.

PERMIT SALE: Identify Customer » Add Item » Add Item Details

After entering the Type and the Use Area from the drop-down menus for each sticker it will bring you back to the Permit Sale page. If other permits are requested, you can choose the quantity and add them to the cart as well. If no other stickers are requested at this time, you can click the <u>G</u>o to Cart button at the bottom of the page and complete your transaction by processing and finishing order as normal.
