

BAUMGARTNER CAMPGROUND RENOVATION

Recipient: Sawtooth
National Forest

Grant Awarded: \$1.4 million

This project, **phased over four years**, included layout redesign, asphaltting all roads and sites, new site furniture, living pads, and replacing/adding all toilets.

This project ensured that the campground is accessible for all users. Other improvements included a new group shelter, upgrade of the water distribution system, and a new RV water fill station. The campground is anticipated to be fully open to the public in the summer of 2020.
