

# Using the Print widget

1. Click the print icon to open the Print widget.

2. In the map Title Box, type the name of the map you want. The default is Idaho Trails Map.

3. Click **Print** to submit all information to the print service. A progress bar displays next to the executing task.

4. Upon the completion of the print job, a link to the print output displays. Click the task to open the file in a new window.

5. Save the file in the new window to your computer or smart phone
6. Click **Clear Prints** to clear the print history.
