Subject: Fiscal Year 2014 Grant Project Rankings

The advisory committees for the Recreational Vehicle, Waterways Improvement Fund, Cutthroat License Plate Fund, Off-Road Motor Vehicle, Motorbike, Recreation Trails Program, and Land and Water Conservation Fund met recently to review and rank grant applications. In addition, staff met to review and rank Road and Bridge grants. In the review process they utilized Board approved criteria, their knowledge of the areas involved, and input from IDPR staff to come to the conclusions reflected on the attached ranking sheets.

Please review these ranking lists. I'm available to answer any questions that you may have in regard to specific projects.

I look forward to seeing all of you at the Board meeting. If there is anything I can be of assistance with please do not hesitate to contact me.

**ACTION REQUIRED:**                **Board Action Required**

**PRESENTER:**                        **Kathy Muir**

**BACKGROUND INFORMATION:** The Fiscal Year 2014 allocation from the National Park Service (NPS) is estimated to be approximately \$400,000 after the Sequestration.

According to IDAPA, to assure that the needs of rural areas are met, twenty percent (20%) of the amount dedicated for local governmental agencies is dedicated for use by governmental agencies of five thousand (5,000) population or less. If the cumulative request of the governmental agencies of five thousand (5,000) population or less is more than twenty percent (20%) of the amount dedicated for local governmental agencies, governmental agencies of five thousand (5,000) population or less may compete for the total remaining allocation.

If the total cost for a single project of a governmental agency with a population of five thousand (5,000) or less requires over one-half (1/2) of the twenty percent (20%) dedicated for use by governmental agencies of five thousand (5,000) population or less, that project shall compete with the large governmental agency projects.

At their recent meeting in Boise, the LWCF Advisory Committee reviewed 8 grant applications according to the "Open Project Selection Process" identified in the State Comprehensive Outdoor Recreation & Tourism Plan (SCORTP). The requests totaled \$588,498.

The priority ranking sheet and committee recommendation are included in this packet.

**STAFF RECOMMENDATIONS:** Staff recommends that the Board approve the priority-ranking list, which will be used to fund projects in the ranked order should any of the applicants of the higher rated projects withdraw their applications or if additional monies become available.
